

## what your small business needs to know

Without a website,  
you don't exist!

A professionally designed and  
effective site is your best marketing  
tool and your client's first impression.

Small doesn't have  
to look small.

Don't look cookie-cutter! Open Sky  
offers quality, custom designs at an  
affordable price.

Managing your content  
is your right.

An out-of-date site can kill credibility.  
Open Sky builds each site so you can  
update your own content.
